
Prayer Request:

Submitted by: Kathy - 2010-01-22 - 01:31:36

Please pray for my nephew Arron. He is only 11 months and he has pneumonia and an ear infection. This is the first time he has ever been sick so his mommy is really worried! He is taking breathing treatments every 4-6 hrs and its extremely hard for such a lil guy! Its a bit scary I'd imagine!

Also please pray for Jason's daughter Jasmine. She is struggling with depression really bad right now. She sent Mariah a message on my space yesterday telling her some very disturbing things. Thankfully Mariah was brave enough to call me immediately so we could get the situation dealt with quicky.

Also please pray for Jason. He is having some personal struggles right now. please pray that the lord will keep His arms around him and walk him through.

And last but not least...Pray for someone that might not think or feel like they have a pray at all!!
