## Prayer Request:

Submitted by: Rick - 2010-01-22 - 09:40:27

---

Please pray for my friends Robert and Donna...she is having some major health issues and they mentioned for the 1st time today that if this mystery condition did not heal with the 6-8 week treatment then it is likely cancer. Her aunt and mother both died of stomach cancer and they are really struggling with the whole issue. Please pray for their peace and God's healing hand to be evident.
